Aim For Change Clay Shoot

Mark your
calendars!
Saturday,
September 13, at the
Amarillo Gun Club

Get ready for a day of competition and camaraderie at the **Aim for Change Clay Shoot!** Teams will make their way through a full course of stations, testing their aim and enjoying plenty of friendly rivalry. Between rounds, shooters can take part in extra games, try their luck in the raffle, and look forward to a hearty barbecue lunch.

After the last shots are fired, everyone will come together to celebrate the impact made that day. Our residents will play a big role too—helping with setup, keeping things running smoothly, and even getting the chance to shoot, making it an unforgettable experience.

By joining a team, sponsoring, or simply coming out to enjoy the day, you're helping men at Another Chance House take steps toward stability, recovery, and independence. Every station, every game, and every plate of barbecue helps open doors to a brighter future.

Resident Spotlight

You might remember Wilton, a 66-year-old Marine veteran who came to Another Chance House carrying decades of pain but also a quiet strength.

In just a few months, he's become known as "the most helpful resident," always stepping in to support others and quietly lead by example. This summer, Wilton threw the first pitch at our Sod Poodles game — an unforgettable moment that showed just how far he's come.

At our July Open House, he met supporters who had read his story and told him how much it meant to them. For a man who once believed no one cared, it was a powerful reminder that his story — and his life — matter.

As Wilton says, "I've lost a lot. But I ain't done yet."
